

571—114.14(456A) Disposition of captured nuisance wildlife. Nuisance wildlife, with the exception of endangered or threatened species, may be relocated or euthanized. The permittee shall comply with the euthanization and release methods described in the NWCO guidebook. Sick or injured wildlife must be handled as described in the NWCO guidebook. The carcass of a dead nuisance animal must be disposed of in a legal manner and within 24 hours of the animal's death.
